1. Introduction

1.1 The quality of senior promoted staff (head teacher and depute head teacher) is vital to the effective implementation of the policies of the council and the provision of the best possible education in schools.

1.2 Recommendations for appointment to senior posts are made to the director of education by appointment committees set up by the authority in accordance with the duties outlined in the Report on a Teaching Profession for the 21st Century, Annexe B. Standard Circular F2 describes the composition of appointment committees and gives general information and guidance on the filling of promoted posts.

1.3 This circular describes in detail procedures for the filling of senior posts. The procedures satisfy current legislation and are designed to be seen to be equitable and credible and to conform to the authority’s equal opportunities policies. Their main aim is to ensure that the best possible candidate is selected.

1.4 The main stages in the appointment process are:

(a) the provision of information about the post (advertisement, job description and school profile)
(b) consideration of the person required (person specification)
(c) establishment of selection criteria
(d) consideration of applications, reports and references
(e) leeting
(f) pre-interview stage
(g) the interview
(h) post-interview stage

1.5 These stages are considered in some detail in the following sections. For head teacher posts all of the selection arrangements will be undertaken by a member of the directorate nominated by the director of education. For other posts the arrangements will be made by the head teacher. Advice will be available from the depute director.
2. Information about the post

2.1 As required by legislation all senior posts will be advertised in the national press. The advertisement will contain basic information about the post and the school. It will indicate where applicants can obtain further information and application forms and will state the closing date for applications and to whom they should be sent (suspension of this provision for one year 2003).

2.2 A job description will be prepared for each post. It will have regard to local and national agreements and will indicate clearly the job designation, the purpose of the post, the main duties, the reporting arrangements and any other relevant factors. Nationally agreed duties are set out in Appendix 1. Authority standard job descriptions are contained in Appendix 2.

2.3 School profiles will include information about the aims of the school, its roll and capacity, a brief description of the building and its catchment area and any other relevant details. Sample profiles are in Appendix 3.

2.4 The person specification will describe the kind of person who is being sought for the post. It will list essential and desirable requirements in terms of qualifications, experience, knowledge, skills and personal qualities. Sample person specifications are contained in Appendix 4.

2.5 Although legislation does not require the involvement of school boards in these aspects of the selection process, boards should have the opportunity to comment on the job description, school profile, person specification and selection criteria for the post.

2.6 In the view of the importance of all applicants having information about the post, the school and the kind of person required before submitting their application, applicants will be issued with an application form, job description, school profile and person specification relating to the specific post.

3. Selection criteria

3.1 To assist in the initial consideration of applications a list of selection criteria reflecting the job description and the person specification will be drawn up for each post. The criteria should also reflect the authority's commitment to equal opportunities.

3.2 The criteria will conform to a general pattern established by the authority but may vary in detail according to the post. They will include:

- appropriate qualifications
- previous experience
- record of professional development
- evidence of ability to work and lead other people
- evidence of management skills
- evidence of good communication skills
• evidence of ability to implement change
• evidence of good interpersonal skills

In addition selection criteria will refer to registration with the GTC and in appropriate cases to the need for evidence of approval by the Roman Catholic Church. Sample criteria are given in Appendix 5.

4. Application forms, reports and references

4.1 The selection criteria will be used to assess information given in application forms, reports and references.

4.2 The application and report forms have been designed to ensure a thorough and systematic approach to the filling of posts.

5. Leeting for depute head teacher posts

5.1 The school board legislation requires the short leet for depute head teacher posts to be drawn up by the authority and presented to the appointment committee which normally consists of two representatives of the director of education and two representatives of the school board with the head teacher of the school in the chair.

5.2 The short leet will be drawn up by the head teacher of the school and a member of the directorate nominated by the depute director. Full account will be taken of the job description, person specification and selection criteria for the post. Any applicant who has been displaced from a post of equivalent rank through the closure or amalgamation of a school in North Lanarkshire and who wishes to be considered for the post will be included in the leet. A written record of the leeting process will be kept by the head teacher. The use of the form at Appendix 5 is recommended.

5.3 In most cases it will be possible to consider applications and decide on a short leet which will be interviewed by the appointment committee. The number of candidates to be interviewed will not normally be fewer than 3 or more than 6. In exceptional circumstances if it is felt desirable to interview a larger number of candidates a preliminary interview stage may be introduced. Where a satisfactory leet cannot be formed the post will be re-advertised.

5.4 In either case the process should include the opportunity for all leeted candidates to visit the school to allow them to be briefed on major issues affecting the school, to meet the appropriate staff and to seek any information about the school which they feel might be helpful to them. These visits should not be organised in such a way as to form part of the selection process. Travel and subsistence expenses will not normally be paid in connection with such visits.

6. The format of the interview for depute head teacher

6.1 A formal interview will continue to play a key role in determining which of the leeted candidates should be recommended for appointment. The minimum time allowed for each candidate should normally be 30 minutes.
6.2 Variations to the traditional interview may be considered provided that the appointment committee feels confident in using the techniques involved. The traditional question and answer format could be supplemented in one of the following ways:

- Devoting the first part of the interview to a presentation by the candidates on an educational topic of which they will have been informed in advance. The initial questioning would relate to the presentation.

- Inviting candidates to prepare a brief paper on an educational issue. Such papers would require to be written under supervision within a prescribed timescale.

- Holding a group discussion involving candidates and the appointment committee.

Candidates should be informed in advance of the format to be employed.

6.3 The format of the appointment process should be determined in advance by the head teacher and member of the directorate involved in drawing up the list. Account should be taken of any views expressed by the school board and all questions should be common to all candidates. Variation in questioning may be introduced in follow-up questions. All candidates should have the opportunity to put questions about the post to members of the appointment committee. The interview should allow the same time for each candidate. A written record should be kept by the head teacher and retained for at least 6 months. Two sample assessment sheets for the evaluation of the interview performance are attached as Appendix 6.

7. Leeting for head teacher posts

7.1 The school board legislation requires the authority to submit a short list for head teacher posts to the school board which meets without staff or pupil members to consider the short list. The authority is also required to provide any information about candidates which the authority has in its possession or can obtain without undue expense or effort. Board members should have access, therefore, to all application forms, reports and references. They should be reminded of the need for absolute confidentiality.

7.2 The sequence of events for the leeting of a head teacher post is as follows:

- A job description, school profile, person specification and selection criteria for the post are drawn up by the member of the education directorate in consultation with the school board.

- Taking account of the views of the board the member of the directorate draws up a short list of candidates. Any applicant who has been displaced from the post of head teacher of a school affected by closure or amalgamation and who wishes to be considered for the post will be placed on the authority’s short list.

- The member of the directorate attends a meeting of eligible members of the school board and proposes the list to them.
The leeting process is monitored by the director of education.

7.3 All short leeted candidates should be given the opportunity to visit the school.

7.4 If the school board so wishes, the directorate representative will arrange an informal and confidential meeting involving members of the board who are eligible to serve on the appointment committee and the short leeted candidates.

7.5 The visits described above are for the benefit of candidates and should not be regarded as forming part of the selection process. Travel and subsistence expenses will not normally be paid in connection with such visits.

8. The format of the interview for head teacher posts

8.1 The format of the interview will be agreed between the director’s representative and the school board at the same meeting at which the short leet is decided.

8.2 The format can vary provided that it is seen to be credible and fair. The options described in section 6 may be used as well as any others which the members of the appointment committee feel confident in using. The minimum time allocated to each candidate should be not less than 30 minutes.

8.3 Whatever the nature of the interview a written record should be kept by the member of the directorate present, preferably on the assessment sheet at Appendix 6.

9. Post-interview stage (all posts)

9.1 At the end of the selection process the appointment committee will make its recommendation to the director who will offer the post to the recommended candidate (except in the unlikely circumstances either where the candidate is ineligible or where there is reason to believe that the selection process may have been conducted improperly).

9.2 All leeted candidates will be given the opportunity discuss their performance at interview with one of the authority’s representatives on the appointment committee.
